Casa Teresa is honored to host Jose Ramón Urtasan, owner and director of Remirez de Ganuza, for a very special wine dinner.

Ramirez de Ganuza is the iconic Rioja winery founded in 1989 that became symbol of "new Rioja" movement in the 90s. The winery is known for wines with long aging prior to release, and all wines featured for the dinner are Reserva level or above.

Wines will be available to purchase at the dinner via our retail partner Chain Bridge Cellars in McLean, Virginia.
